

RECOMMENDED PLACEMENT

This puck can be used to complement and enhance graphics in all areas of your branch where our standard counter cardholders, wall frames and kiosk are located.

FEATURES

Velcro hooks hold graphics in place while our protective coated magnets holds the graphic to the frame without scratching or damaging the acrylic face. This puck can hold graphics of all shapes and sizes.

ADVANTAGES

Increases the impact of your messaging by adding a dimensional element to your frames. This unit can also be used to get more mileage from long-term campaigns by providing an easier method of changing information with a pop-off graphic.

DETAILS

The puck has a surface area of roughly 4" square and is about 1" thick.
